IN CALIFORNIA AND NEVADA.

In California there is a triangular fight in the political arena. The Populists were first in the field with a full state ticket. Then the Republicans put their candidates in nomination. The Republican party and its ticket being so barefacedly controlled by Boss Burns in the interest of the railroad, the Populist party was sweeping everything before it and all admitted that it would carry the state. This being the case, the Democrats, in order to defeat the Populists, held a convention late in the campaign and nominated a ticket, not with any expectation to win, but to keep up the party organization and to prevent, if possible, an overwhelming victory for the People's party. In Nevada the contest is between the Silver party and the Republicans. Here the Populists and the Democrats each put a ticket in the field to aid the Republicans against the Silver party. In California the Democrats are fighting the Populists to the advantage of the Republicans. In Nevada the Democrats and Populists unite in fighting the Silver party in aid of the Republicans. This clearly demonstrates that the twins in California, as party organizations, are united in their purpose against the Populists as they are everywhere where there is danger of Populist success. It also demonstrates in this State that the Populist party, so called, has joined in with its enemies, the twins, to defeat the Silver party, the only ally of the People's party of America in this State. And it demonstrates further that there are more damphool politicians in Washoe county who are trying to elect the Republican State ticket by the organization of the Populist party of the State, than are contained on the same number of acres of land in Christendom. While the national organization of the People's party is waging such a war against the Republican and Democratic organizations as was never witnessed in the history of the parties in this or any other country and with success in their reach, the Washoe combinations of misguided zeal, idiosyncrasy, self conceit and brainless pertinacity of Pops, are doing all in their power for the success of the Republican party and for the continued domination of the railroad octopus—Silver State.

VIOLATING THE LAW.

C. A. LeGrave, candidate for State Controller on the Silver ticket, addressed the citizens of Carson at the meeting Saturday evening. The APPEAL says he called attention to the fact that the present State officials are violating the law which prohibits the purchase of supplies for the State of Nevada in California. He pledged himself, if elected, to obey the law, and those who know him do not doubt his word.

It is a gross injustice to the farmers and merchants of this State to have officials who are drawing salaries which the people are taxed to pay, send to California to purchase supplies for the State. Shortly after the present incumbents took office they re-furnished the State Capital and one or more of their number went to San Francisco, at the expense of the people of course, to purchase the necessary supplies. Do the people who pay the salaries and expenses of these officials approve of their method of doing business? If they do, of course they will vote to continue them in office, but if they do not they will

record their votes for men like LaGrave, who as members of purchasing boards for public institutions will patronize home merchants and producers.—Journal.

THE WAY IT WAS LOST.

Congressman Lefe Pence of Colorado, in a speech at Greeley before ten thousand people, tells how the silver battle was lost at extra session as follows:

"You know how the silver bill was repealed. Was it by Democratic votes? No, there were 51 per cent for silver and 49 against it. Every Populist stood unwaveringly and faithfully for free coinage. In the House there were 122 Republicans and in the Senate 40 Republicans. Ninety per cent stood by Cleveland and 10 per cent by silver. We were prepared for disappointment, but we did not believe that it would be possible to win when his own party was against him. His only hope, as you well know, rested solely on Republican support. A year ago the contest was on. There stood the Western Senators, all of the Populists and half of the Democrats, saying that they would die in the last ditch. A few yielded to patronage, others to the party lash, and never reached the last ditch. That was why we lost our battle."

In speaking of the election of two years ago he said:

There was no reason then for voting for either of the old parties, but the reasons which obtained then forcing you to vote as you did, have been verified and multiplied a hundred times since. Where is the Republican who 'points with pride' to the Republicans of the East. Mr. Depew has interviewed himself several times and he always boasts that Grover Cleveland would have failed in his contests against silver had it not been for the help of the Republican party. Is it not true, fellow citizens?

Mr. Pence quoted the speech of Senator Teller, from the Congressional Record, in which the latter said "that the Republican party had for thirty years been oblivious to the interests of the masses, and was paying attention solely to the monopolists and capitalists." He quoted Senator Teller again by repeating the latter's speech in the Senate, in which he said:

"I want to call the attention of this Senate and the country to the fact that the silver vote of the late election was over 1,000,000, and it did not come from the cities or the slums. It came from the best blood and the best brain of the American people."
